Commanding Officer Comments:

With the month of December now upon us and being the end of our first ½ of the parade year program, I am very pleased to announce that we have had the best first ½ of our parade year in my time with Enterprise. We have had an average 88% turn out for parade nights. We have a great group of Officers and parent helpers on board. We are in excellent positioning for up coming squadron competition in March. We would like too wish everyone a safe and happy holiday. We can not wait for the 2006 parade nights to commence. We have an excellent program set in motion and look forward to a safe returning by all!
